**Participation strategy**

Feeling that more effort should be put into relationship building rather than holding meetings. Want to see focus on shared tasks that help people to get to know each other whilst achieving a common goal. Agreement re behaviours

Focus on developing social skills, esp. re developing mediation skills/ learning to problem solve when conflicts with neighbours.

**Participation budget**

Agreed, discussed possibility of focusing funds for new tenants ok'd but not with enthusiasm.

Also looked at fire risk assessment summary.

**Pride organising committee**

Next meeting announced but no interest from attendees
