

# Volunteers' Week 2022!

**SPOTLIGHT on Digital Champion, T.M**

**Volunteer since: 2022**

## **What were your reasons/motivations for volunteering?**

I live locally and last month I dropped by the Kingsland Hub out of curiosity to find out if there were any employment or volunteering opportunities. It was the poster on the Kingsland Hub window recruiting Digital Champions that caught my eye.

## **What do you enjoy most?**

Being able to share my knowledge with the community, I have a lot of experience of volunteering in IT support especially for the over 50's and in face to face advice services.

## **Has volunteering had a positive impact in other areas of your life?**

As I am still searching for employment it is important for me to keep updating myself with technology as it is constantly evolving and to remain confident in my skills. The role of digital champion offers me not only a purpose to get out of the house into the community but also enables me to continue building my employability skills and confidence
